

# Torrington Community Cares

# 8 week evaluation

We all need to be sure that the healthcare services in Torrington are safe, high quality and what patients want.

The data for Torrington residents between 1 October and 26 November 2013 shows:

**3 admissions to Torrington  
Community Hospital**

**No increase in 999 calls**

**No increase in calls to the  
out of hours nursing service**

**2,765 visits to patients in  
their own homes by our  
community teams**

**Patients rated the home-based care service highly:**

**75% said they  
would highly  
recommend  
the service**

**25% said they  
were likely to  
recommend  
the service**
