

## Seamoor Unit - Friends and Family Test - Mar-18 to Apr-18

*We would like you to think about your experience in the ward where you spent the most time during this stay. How likely are you to recommend our ward to friends and family if they needed similar care or treatment? Response options: Extremely likely, Likely, Neither likely nor unlikely, Unlikely, Extremely unlikely, Don't know.*

### Quantitative results

The Friends and Family Test (FFT) score is calculated as outlined in the NHS England guidance.

The calculation is as follows:

'Would recommend' percentage is calculated as follows:

$$\frac{\text{Extremely likely} + \text{Likely}}{\text{Extremely likely} + \text{Likely} + \text{Neither likely nor unlikely} + \text{Unlikely} + \text{Extremely unlikely} + \text{Don't know}} \times 100$$

'Would not recommend' percentage is calculated as follows:

$$\frac{\text{Extremely unlikely} + \text{Unlikely}}{\text{Extremely likely} + \text{Likely} + \text{Neither likely nor unlikely} + \text{Unlikely} + \text{Extremely unlikely} + \text{Don't know}} \times 100$$

The Trust's target 'Would recommend' score is 75%

	Responses	Would recommend	Would not recommend	Neither likely nor unlikely to recommend / Don't know
	No.	%	%	%
Mar-18	1	0.0	100.0	0.0
Apr-18	No data	No data	No data	No data

### Qualitative feedback

	Month	Friends and Family Test response	Please can you tell us the main reason for the response you have given?	Have you any suggestions for ways we can improve the service you have received?	Gender	Age	Ethnicity	Please tick this box if you DO NOT wish your anonymised comments to be made public.
1	Mar-18	Unlikely	Our waiting time to get into the clinic was terrible and when we were in the clinic the nurse put in my cannula and left me for half an hour and made a joke about forgetting about me which I did not find funny. Once my treatment was over another nurse came and ripped my cannula out my hand which left me with a big lump and a bruise.	More nurses and better waiting times.	Male	46-55	White British
